04-04-03	147-1	ORDER regarding Defendants' Motion in Limine to Exclude Evidence of Lost Profits – Trial Court made its Ruling based upon its finding that Korean law does not permit the plaintiffs to recover for the kind of losses sought. Moreover, the Court found that even if such recovery were permitted, the damages sought would be too speculative. Therefore, the Court granted the defendants' motion. For appeal purposes, in respect to the Court's ruling, the plaintiffs request an opportunity to proffer evidence that the Court ruling would be excluded. Specifically, counsel requests an opportunity to put their Witnesses, Mr. Seung G. Oh, on the stand and have the court reporter record the testimony that would have been elicited had the Court permitted such testimony. The Court finds that rather than utilizing the resources of the court reporter for such a purpose, counsel may supplement the record in written form. Therefore, the hearing scheduled for 04/04/03 at 2:00 p.m. is hereby vacated. Counsel is advised to file any declarations, documents or exhibits he feels are warranted to preserve the record.
